

CLAIMS

1. A set defence means for defending a designated area including:-  
at least one monitor for monitoring the designated area to detect any zone  
5 therein in which a new presence appears;  
defence including multi-barrel weapons each having barrels loaded with  
multiple sequentially fired projectiles selectively fired by electronic controls and  
capable of debilitating personnel or vehicles present anywhere in a remote  
designated area; and  
10 communication means providing communication between the monitor and the  
defence for triggering selective activation of the defence for delivering a debilitating  
attack to the detected zone.
2. The set defence means according to claim 1 wherein the monitors include one  
15 or more on-site sensors deployed in the designated area.
3. The set defence means according to claim 1 or claim 2 wherein the monitor  
includes one or more remote sensors deployed remote from the designated area.
- 20 4. The set defence means according to any one of claims 1 to 3 wherein the  
defence further includes weapons selected from the group consisting of machine  
guns, grenades and rocket launchers, cannons, or combinations thereof.
5. The set defence means according to any one of claims 1 to 4 wherein the  
25 defence is concealed in the ground, or carried by a land mobile vehicle or an aircraft.
6. The set defence means according to claim 5 wherein at least one weapon is  
arranged on a turreting platform.
- 30 7. The set defence means according to any one of claims 1 to 3 wherein the  
defence includes a weapon in the form of a grenade box provided with barrels  
radiating from a central core.

11

8. The set defence means according to claim 7 wherein the grenade box is itself launched into the air and the barrels contain projectiles arranged for firing into the detected zone during descent.
